However, one day, her mother gave her a beautiful hair clip (发夹). When she wore it, she looked much more beautiful than before. She decided to wear it to school.

On her way to school she found that everyone who saw her smiled at her. Most of her schoolmates said "hello" to her, but this never happened before. She thought that the beautiful hair clip had brought her them all. She was so happy about all of the wonderful things.

Although she didn't tell her classmates about her beautiful hair clip, they all wanted to know what had happened to her.

When she went back home after school, her mother asked her, "Did you know you dropped your hair clip? I found it by the door this morning."

13. What do you think is the most important thing in our life, to keep young, to be rich or to be successful? No matter what you want to be, everyone wants to be happy. However, few know how to make it. Money and success alone do not bring us happiness. Aristotle, a Greek thinker, said, "Happiness is up to ourselves. "In other words, we make our own happiness. Here are some secrets to helping you be happier.
- The first one is to enjoy the simple things in life. Too often, we spend so much time thinking about the future, for example, getting into college or getting to a good job. In that way, we are unable to enjoy the time now. We should enjoy life's simple happiness, such as reading a good book, listening to your favorite music, or spending time with close friends. If people have some close friends, they often live more happily and healthily.
- Another secret to living a happy life is to be active and have hobbies. Hobbies can help you forget your problems. Many people enjoy dancing, or playing a sport, such as swimming. You can forget about your problems, and only think about the activity.
- Finally, many people find happiness in helping others. Scientists believe that people feel good when they spend their time helping others. If you want to feel happier, do good things for someone. You can help a friend with his or her studies, go shopping to buy food for an old person, or just help out around the house by washing the dishes
- (1) How many ways are there to help people be happier?
A. 2 B. 3 C. 4 D. 5

A. keeping young B. being happy C. keeping healthy D. becoming rich

A. Reading a good book. B. Going around the world. C. Listening to music.
D. Spending time with friends.
- (4) The writer thinks that _____.

C. hobbies take us too much time D. doing something for others can make us happier

14. Should friends be the same or different?

My mother told me a good friend is like a mirror. I'm quieter and more serious than most kids. That's why I like reading books and I study harder in class. My best friend Yuan Li is quiet too, so we enjoy studying together. I'm shy, so it's not easy for me to make friends. But I think friends are like books — you don't need a lot of them as long as they're good.

—Jeff Green

It's not necessary to be the same. My best friend Larry is quite different from me. He is taller and more outgoing than me. We both like sports, but he plays tennis better, so he always wins. However, Larry often helps to bring out the best in me. So I'm getting better at tennis. Larry is much less hard-working, though. I always get better grades than he does, so maybe I should help him more.

—Huang Lei

I don't really care if my friends are the same as me or different. My favorite saying is "A true friend reaches for your hand and touches your heart." My best friend Carol is really kind and very funny. In fact, she's funnier than anyone I know. I broke my arm last year but she made me laugh and feel better. We can talk about and share everything. I know she cares about me because she's always there to listen.

—Mary Smith
